Backache, headache,
dragging pains
Nothing relieved
me until I took
Peruna

Thousands of the best women in
the world are bearing the burden of
backache, headache, dragging pains, a
miserable half-dead, half-alive condi-
tion, produced by chronic internal de-
rangements. Mrs. Joseph Lacelle, 124
Glenora Ave., Ottawa East, Ontario,
Canada, is one of the fair women of
America who has had her experience with this sort of a burden.
Her experience is similar to the multitude of other women
whose letters are recorded in the "Ills of Life." A copy of
this free booklet ought to be in the hands of every housewife
in the United States. Read what Mrs. Lacelle says:

"I suffered with backache, headache and dragging pains for
over nine months, and nothing relieved me until I took Peruna.
This medicine is by far better than any other medicine for these
troubles. A few bottles relieved me of my miserable half-dead,
half-alive condition. I am now in good health, have neither ache
nor pain, nor have I had any for the past year. If every suffer-
ing woman would take Peruna, they would soon know its value
and never be without it."

WHY IS GASOLINE SO HIGH?

A Problem the United States Gov-
ernment is Trying to Solve.

Washington, April 2:—Government
agencies investigating the specta-
cular rise in the price of gasoline have
virtually concluded preliminary
phases of their work and will report
to Congress this week. In the mean-
time the department of justice will
consider the evidence with a view to
determining whether prosecutions
are warranted under the anti-trust
law.

Every available field agent of the
Federal Trade commission has been
assigned to the gasoline inquiry un-
der the direction of Commissioner W
J Harris. Reports by the various
companies involved have been check-
ed so far as possible. Crude oil pro-
ducers, manufacturing companies,
pipe lines, selling agencies, even tank
wagons, in every section of the coun-
try have been under surveillance.

The department of justice virtual-
ly left the entire inquiry to the com-
mission. Complaints received by the
Attorney General have been for-
warded for investigation to the com-
mission and have been added to hun-
dreds of similar complaints received
by the commission itself. It is con-
sidered unlikely that the Attorney
General will decide finally whether
the evidence warrants prosecutions
until the commission shall have con-
cluded its inquiry a month or more
hence.

The first report to Congress will
contain comparative figures showing
the amount of gasoline and crude oil
produced at present and two or three
years ago, the volume exported, rela-
tive costs of production, amounts
sold in each section of the country
then and now and comparative
wholesale and retail prices. No com-
ment will be made on the reasons for
the rise.

A second report, data for which is
not yet complete, will supplement the
first with an analysis of the situation
and will set forth reasons to which
the commission attributes the tre-
mendous increase.

The investigation has been con-
ducted with a view to determining
four salient points as follows:

1. The extent of production and
use of gasoline now and two and three
years ago.
2. The volume of gasoline export-
ed and the supply remaining here
for domestic use, particularly as to
whether the rise or any portion of it
could be attributed to a scarcity of
product.
3. Whether there has been dis-
crimination by big producers in fa-
vor of big buyers.
4. Whether there is actual compe-
tition among the former elements
that went to make up the oil trust;
if there is, to what extent and how
the small independent producer is
affected thereby.

Insomnia.

Indigestion nearly always disturbs
the sleep more or less, and is often
the cause of insomnia. Eat a light
supper with little if any meat, and
no milk; also take one of Chamber-
lain's Tablets immediately after sup-
per, and see if you do not rest much
better. Obtainable everywhere.

DEATH OF FORMER KINGSTREE LADY

IN CALIFORNIA--DIED FROM PA-
RALYSIS FOLLOWING HEMOR-
RHAGE--SKETCH OF HER LIFE.

Following a hemorrhage of the
brain, which resulted in the complete
paralysis of the right side, Mrs. Eliza-
beth B Phillips, wife of W W Phil-
lips, former president of the Fresno
County Chamber of Commerce and
prominent citizen of Fresno, died last
night shortly after 8 o'clock at the
family home. She was stricken yester-
day at noon while preparing to
leave the house to attend a luncheon.

Mr Phillips left the family home
yesterday to go to his ranch. Mrs
Phillips was in the best of health
and a few hours later telephoned her
son, John Phillips, who had preceded
his father to the ranch, to learn if
her husband had arrived.

Mrs Adeline Thornton was a caller
at the Phillips' home just before
noon. Soon after her departure, Mrs
Phillips gave an order to the maid
and started across the room. She
fell on the floor, suffering from a
hemorrhage of the brain and paral-
ysis. Mrs Phillips did not regain con-
sciousness and died without recog-
nizing members of her family.

Mrs Phillips was the daughter of
the late Judge John G Pressley of
Santa Rosa. She was born 58 years
ago near Charleston, S. C. Mr and
Mrs Phillips were married 35 years
ago in Santa Rosa and moved to
Fresno, which was henceforth their
home. They always took a prominent
part in the civic and social life of the
city.

Mrs Phillips was a member of the
Parlor Lecture club and of the
Daughters of the Confederacy. She
was a communicant of St James'
Episcopal pro-cathedral, an active
member of the guild and a faithful
worker in the church.

Mrs Phillips had often expressed
the desire that no flowers be sent to
her funeral, but that the money be
donated to local charities. She is
survived by her husband, son and
five brothers.—Fresno (Cal) Morning
Republican.

Mrs Phillips was a former resident
of Kingstree, where her father was
a prominent member of the bar and
with his family occupied what is
now the Hirsch homestead, in the
northwestern section of town. A
few years ago she visited her old
home, being the guest of Mrs Louise
Gilland. She was hostess to Mr and
Mrs Hugh McCutchen while they
were in California last summer at-
tending the expositions. Mrs Phil-
lips was an excellent lady, and her
sudden death was a great shock to
her friends here and elsewhere.

Synagogue for Florence.

The Jewish people of Florence
have determined to organize a con-
gregation. Last night Rabbi Raisin
of the Hasel street synagogue,
Charleston, addressed a large meet-
ing of the Jews of the city at
O'Dowd's theatre. His subject was
"David and Goliath," and the mes-
sage was one full of encouragement
to the Florence colony in the under-
taking now before them. After
the services a permanent organiza-
tion was effected with Mr D D
Sternberger, president, and Mr H
M Pascal, secretary. A committee
consisting of Messrs A A Cohen,
Louis Finkelstein and M Rosenfeld
was appointed to arrange ways and
means. This committee will meet
today. For the present Rabbi Rais-
in will hold services in Florence
twice each month. A Sabbath
school is now being organized.—
Florence Times, April 3.

Why Constipation Injures.

The bowels are the natural sewer-
age system of the body. When they
become obstructed by constipation a
part of the poisonous matter which
they should carry off is absorbed
into the system, making you feel dull
and stupid, and interfering with the
digestion and assimilation of food.
This condition is quickly relieved by
Chamberlain's Tablets. Obtainable
everywhere.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXA-
